SCORING RULES:

1. Any horseshoe must be within horseshoe width of the stake to be considered for points.
2. The "closest horseshoe" to the stake gets one (1) point.
3. If you have 2 horseshoes closer than your opponents you get two (2) points.
4. "Ringers" are worth five (5) points and must completely encircle the stake so that both ends of the horseshoe can be touched with a straight edge.
5. If you have the "closest horseshoe" to the stake and a "ringer", you score six (6) points. Refer back to rule one regarding the "closest horseshoe".
6. If your opponent throws a ringer on top of your horseshoe, your opponent's horseshoe will cancel your points out and no points are scored.
7. "Leaners" are worth three (3) points and are considered closer than any other horseshoe thrown except ringers.
